

Ruspoli Crime Cartel

The Ruspoli family is one of the most wicked criminal bloodlines and they are part owners of the Vatican with princely titles all over Italy and Spain. The Ruspolis are owners of the Rizzuto crime family, various South American and Mexican drug cartels, and part owners of the Casamonica mafia clan of Rome. The family has ancestry from Scotland through their Marescotti lineage and they have some covert authority over Scottish Rite Freemasonry. The Marescottis are likely related to the Scott clan of Scotland currently headed up by Richard Scott the 10th Duke of Buccleuch. The House of Ruspoli are also intermarried with the Orsini, Bourbon, Giustiniani, Corsini, Bonaparte, and Massimo families and are involved with Italian banking and military. They also covertly work with a branch of the Russian House of Romanov. Many members of the Ruspoli family have been Knights of Malta. Prince Alessandro Ruspoli was a direct descendent of the Mattarazzo family of Brazil. The Mattarazzo family originated in Italy before immigrating to Brazil. Count Francisco Matarazzo founded Industrias Reunidas Matarazzo S.A which was one of the largest companies in Brazil and Prince Alessandro "Dado" Ruspoli inherited a portion of its wealth through his mother Claudia de Conti Mattarazzo. The Ruspoli family have some authority over the South American drug cartels through former princes like Marcantonio Mario Ruspoli III of Brazil and Don Carlo Maurizio Ruspoli of Argentina. Today Prince Lilio Sforza Ruspoli has tourist properties on the island of Margarita in Venezuela where the Sinaloa Cartel leader El Chapo has been seen meeting with Venezuelan government officials. The Russian born Margarita Louis-Dreyfus who is worth over 9 billion makes human sacrifices on the Island of Margarita and she lives in Switzerland. The Russian-Swiss Xenia Tchoumitcheva is another child murdering cannibal working under Margarita Louis-Dreyfus.

Prince Dado Ruspoli was also an actor and in the movie Godfather III which is one of the many examples of Hollywood glorifying the Italian Mafia. The Ruspoli family have ownership of the Rizzuto crime family which have connections with South American drug cartels through their operations in Venezuela. Tao Ruspoli who is the son of Dado Ruspoli is in the entertainment industry and was married to the actress Olivia Wilde. Olivia Wilde runs a violent Amazon feminist cult that rape murder and cannibalize children. Dado's other son Bartolomeo Ruspoli not to be confused with his cousin also named Bart Ruspoli from London is married into the Getty family which established Getty Oil Company. Jean Paul Getty was considered the wealthiest man in America in his time and they descend from the

founder of Gettysburg. The British knighted banker and multi millionaire Mark Getty was born in Rome. Forbes estimates the Getty family's wealth at over 5 billion. The official head of the Ruspoli family Prince Francesco Ruspoli is married to Angelica Visconti Ferragamo of the wealthy Ferragamo family. The House of Ruspoli are intermarried with Brazilian, Italian, and American billionaires. Prince Francesco Ruspoli is friends with the Sturdza family of Romania and they own a bank in Switzerland called Banque Eric Sturdza. The Ruspoli family were originally from a Romani tribe.

Prince Lilio Sforza Ruspoli-Marescotti was a top executive for Banca Romana and worked under the Italian Bank of the South. Prince Lilio was also the Italian High Commissioner of the Sovereign Military Order of Malta and former ambassador for the SMOM. Prince Lilio also went to a party hosted by the depraved sexual predator Harvey Weinstein. The Marescotti family merged a family branch with the Del Drago family of Viterbo, Italy. Prince Filippo del Drago can be seen at the same party as Grand Duke George Mikhailovich Romanov of Russia. The name Del Drago means "of the dragon" and they are likely a branch of the ancient Romanian Drago family. Marquis Luis Ruspoli who died in 2011 was a Knight of Malta and Duke Carlos Ruspoli of Alcudia and Sueca who died in 2016 was also a Knight of Malta. The Ruspoli family have two grape vines on their coat of arms. Grapes and wine are often used as metaphors for blood by the Illuminati. The Roman Catholic Church drinks wine as a metaphor for the "Blood of Christ" and the Illuminati really do drink human blood and adrenochrome. The Ruspoli family are deeply involved with satanic ritual abuse and mind control. The Blumenthal and Lichnowsky families of the Holy Roman Empire use the same grape vines on their coat of arms and likely have a blood relation with the House of Ruspoli. The Ruspoli family are also all honorary princes of the Holy Roman Empire.

The House of Ruspoli financed and ran small military regiments for the Vatican to gain higher level positions as Roman nobility. They are still high level military commanders in the Order of Malta and Military Constantinian Order of Saint George. Prince Lilio Sforza Ruspoli with the given name of Sforza suggests he serves the Sforza-Cesarini family. Don Enrique Jaime Ruspoli is a Count of Banares in Spain and Princess Giacinta Ruspoli holds titles in Spain as well. The Ruspoli family have married with the Spanish Houses of Bourbon, Alvarez, and Arteaga. Grand Duchess Maria Vladimirovna of Russia and her son Grand Duke George Mikhailovich of Russia were born in Spain and reside there today covertly working with the Ruspoli family. Grand Duchess Maria Vladimirovna of Russia is the head of the modern Cult of Cybele an ancient cult of castrated men that worship

females and the Magna Mater or Large Mother. Catholic priests are based on this cult and are celibate similar to eunuchs. Russia takes its name from Rus. Russia is Ruspoli territory. The word Ruse derives from the Ruspoli family because they are highly deceptive. Donald Trump's "Russian Collusion" is a ruse and distraction from Trump's Roman Collusion like Donald Trump's Jesuit education and mafia connections. The Members of the extremely wicked Ruspoli crime family include Prince Lilio Sforza Ruspoli, Princess Maria Pia Ruspoli, Prince Francesco Ruspoli, Princess Giacinta Ruspoli, Tao Ruspoli, Bart Ruspoli and another Bart Ruspoli, and Don Enrique Jaime Ruspoli, 19th Count of Banares.

Chapter 8. FROM VENEZUELA TO ITALY

WHILE THE **CUNTRERA-CARUANA-RIZZUTO clan** had a destructive influence in Canada, it was nothing compared to what **they had wrought in Venezuela**. The criminal organization had deeply infiltrated the country's economic and political structures. **Nicolò Rizzuto** and his associates' investment was no ordinary ranch operation. Entire convoys of cocaine were arriving there from Colombia; one analyst believed the drugs crossed the border in trucks carrying livestock, perhaps even hidden in cows' stomachs. The clan ran a gigantic holding company called Aceros Prensados, which encompassed factories, hotels, real estate agencies, as well as shipping companies, service providers and building contractors. **In Venezuela alone, its assets were in the neighbourhood of \$500 million**. Italy's anti-Mafia crusader, Judge Giovanni Falcone, was attempting to extradite brothers Pasquale, Gaspare and Paolo Cuntrera, but the **Venezuelan government refused to co-operate**.

Her current husband the unfunny comedian Jason Sudeikis is a pedophile and cannibal that uses comedy to deflect away from child murderers. Olivia Wilde has sacrificed many children. She molests them and strangles them to death and then cannibalizes their private parts. Olivia Wilde or Olivia Cockburn is a disgusting dung worshipping freak and a relentless devil and she is one of the highest level Amazons. She often manages Ivanka Trump and Taylor Swift who are also child murdering cannibals and dung worshipping Beelzebubs. Olivia Wilde needs to be hung slowly from a rope for strangling children.
